P.O. Box 325  
Bremerton, Washington

Dear Mr. Marler:

Your oral request for a temporary permit to operate a burn and cover trash disposal site will meet the requirements of this office when you submit to us in writing the approval of the Kitsap County Planning Director and the City of Bremerton Water Department. You have stated that you have the proper zoning for the operation that you contemplate so a letter to this effect from Mr. Lifvendahl should be obtainable.

As long as you do not use the ravine carrying the south fork of Gorst Creek you should be able to get the approval of the City of Bremerton.

Before a permit will be issued we must have a legal description of the property involved and a sketch showing the relationship of the proposed disposal site to the highway, canyon, adjacent premises, etc.

Very truly yours,

Department of Public Health  
Bremerton-Kitsap County
